TENNIS FOR TROPHIES IN FLORIDA

Tis not a long while between now and the Lenten season, when the decollete gown will be given away to poor relations for crazy quilt scraps and make over garments, and the shoulders and arms of beautiful woman will retire to the privacy of high necked raiment.

However, there seems no inclination to approach that season with a gradual toning down of gayeties, but to dash full against

its threshold at full tilt, and there fall, exhausted, to be picked up and recuperated at leisure. Several large and lively events have taken place

during the week just past, notably the ball given by Mrs. Astor (the "Mrs. Astor, of Fifth avenue," as that lady clearly characterized herself to me one day last summer as we sat on the plazza at Beechwood) which, although modestly denominated a small affair, was really one of the biggest private events ever given in this community. One of the most interesting pieces of informs

tion of the week just gone is the announcement of the engagement of Mr. Royal Phelps Carroll to the beautiful Miss Langdon.

Although an insignificant looking person, so far as personal appearance goes, Mr. Carroll has cerulean blood in his veius and has made a record as a yachtsman and as a hunter for blg game. He had dodged successfully the poisoned arrows of the African dwarf, but little cupid, armed cap-a-pic met him at a Delmonico ball and there thrust a dark of fatal consequence into his susceptible

The hapless dude, breathless and moist with his last waltz, gasps out in terror, "Have I got to go, then, and do likewise to get such a girl?"

In the meantime every one applauds such a union, and only the old ladies who sit on the dais rattle their plumes and coronets and protost in-dignantly that the courting was too ally and secretive, and that they never had a chance to wag their tongues over it as they now do their heads.

Miss Langdon was the heroine of the hour at the Webb-Twombly reception, and received her side congratulations upon her engagement, looking very handsome in white satin and tulle, with mauve velvet sleeves and a feather sigrette in her hair.

Another engagement which is regarded as the engagement of the year is that of Mr. John Jacob Astor, son of Mrs. Astor, of Fifth avenue, to Miss

Ava Willing, of Philadelphia. Their wedding has been set for February 17, at St. Mark's Church, Philadelphia, and Mr. "Tom" Boward has been invited among others to act as an usher. No better fellow could have been selected than this same "Tom" Howard, as was evinced by a friend's remark recently which was stolen away from the Astor ball and sought Van by the persistent efforts of Messrs. G. Smith and L. Valkenbergh's for a good, square drink.

Mrs. William Astor is en voule from Europe on board the Teutenic to attend the wedding.

If I may use a collequial expression, the Country Club of Westchester has been in a stew.

Some days ago it sent out notices to the effect accordance with a resolution passed at a special meeting of the club held at the club house on the evening of January 9, 1891, the chairman numinated a committee of seven to investigate the affairs of the club, and it submitted the following

with the money received from life memberships. Considering the above statement the committee recommend that the yearly dues be raised from \$50 to \$75. This will leave a margin to the club of about \$4,000 a rear, with which amount the committee feel reasonably sure that the club will be able to provide improved ser-vice in the club house, better facilities for transporta-

tion and the addition of a large skating pond, a toboggan ilido and a racquet court, or at least some of thom.

The committee were W. V. Chapin, J. C. Cooley, 1. C. Furman, J. B. Harriman, F. W. Jackson, Marion Story and T. W. Thorne.

The result of the meeting over the increase of the dues has not proved satisfactory.

A large number of members and proxies were present, but the motion for a rise to \$75 was deleated, only 103 voting for it and 78 against it. It was a close thing, however, as the constitu-

tion demands a two-thirds vote on any change in the constitution.

The music studio and drawing room were transformed into floral bowers for the occasion. The hostess wore a gown of blue and eliver gauze, with a low bodice of sapphire velvet. Her ornaments were supphires and diamonds.

Among the artists who took part were Mr. Albert Morris Bagby, pianist; Mr. Victor Kuzdo, violinist, who played alone and in a duet with Mr. Bagby; Miss Florence Meigs, contralto, one of the Meigs Sisters' quartet: Mr. Wakefield Reid, the new English tenor; Miss Kittie Berger, the leading player upon the harp-zither; Miss Corinne Flint, violiniste, and Mr. O. Miss Lily Grace, niece of ex-Mayor Grace, and Mrs. E. Evelyn Selleck, two of Miss Berg's pupils, also sang charmingly. The hostess herself gave several Spanish boleros with such spirit that the bewitching music set everybody's head to wagging, and she also sang Gounod's serenade, with violin obligato by Mr. Kuzdo.

Among those present were Mr. and Mrs. Cyrus Field, Jr.; Mrs. George Place, who gives so many usicales herself at Bar Harbor; Mr. Star Hoyt Nichols and his sister, Mrs. Palmer Kellogg, of Chicago; Mr. Carus-Wilson, of England; Dr. and Mrs. Newton Shaffer, Mr. and Mrs. John Drew, Mrs. Julia Pomeroy Morrison, Miss Pomeroy, her sister; Mr. and Mrs. John Grace, Dr. Charles G. The flower show in which Mr. Adolph Ladenburg is interesting himself so much promises to be a great success. He has managed to induce a number of society women to put their names down on the list and will get a strong lot of names as active patronesses. It is to be regretted we cannot have a show this spring just before Easter, when the spring flowers commence to bloom. Jealousy among the florists prevents it.

It is rumored that Miss Pauncefots is engaged to an Englishman who has been in Washington a great deal during the past few weeks. What truth there may be in it is hard to say, but the gossips are wagging their heads.

The engagement, which was rumored at Miss Carloy's wedding, and was confirmed at a dinner given by Mr. Forbes-Leith on Thursday night, is that of Miss Ethel Forbes-Leith to Captain Charles Burn, an Englishman, who has not yet visited this

Miss Forbes-Leith is the only daughter of Mr. and Mrs. A. Y. Forbes-Lelth, of No. 40 Park avenue, and made her debut this winter, having been pre sented at Court last spring and undergone the ordeal of a London season.

Her father was originally a naval officer, who went into business out West, having married a Miss Yannary, of St. Louis, and amassed a large fortune. About two years ago he bought Fyvic Castle, in Aberdeenshire, a very beautiful and historic place, that was once one of the royal palaces.

Tennis, which has always been a social feature of the Florida season, has this year received renewed prominence on account of the tournament at Magnolia Springs, which will begin on March 2, and for which an imposing display of sterling sil ver is offered. The following Monday, March 2, the tournament for the National Tropical championship will begin at St. Augustins. The contests will be under the management of a committee composed of Valentine G. Hall, secretary of National Tennis Association; George Stuart Smith, secretary of the St. Augustina Tennis Club, and Henry G. Trevor, secretary of the Magnolia Springs Tennis Club-a triumvirate which insures success in both a sporting and social sense.

It has claimed precedence as the first annual outdoor event of the tennis year. It is held under the summer sky of St. Augustine on the second Tuesday in each March, while the North is still buried in winter. The event is for the St. Augustine club's "Championship Trophy," representing the "national tropical championship" of the United States. This title has been lodged with the secretary of the National Association (of which the St. Augustine club is a member) and is officially acknowledged by him. The trophy is a massive sterling sliver model of the ancient city gates. With pedestal it is about twenty inches high by twenty-four inches long, and is, perhaps, the bandsomest tennis prize in the country. 'Valuable enough for the national champio ship," says Mr. Ditson. It is a work of highest art and a model of one of the country's most interesting historical monuments. It is winner's property after four victories, not necessarily consecutive. At night there is spirited racing, three toboggans starting abreast in the three chutes. The sport seems to lose nothing of its popularity with the passage of time. The club is constantly growing, and each winter sees a fresh revival of the original enthusiasm which brought the organization into being. Rarely is the slide open on a fine night without a full attendance. A gay sight, indeed, on such an occasion, is the brilliantly lighted club grounds, througed with men, women and children in bright colored blanket costumes, who make constantly changing effects like the figures of a huge revolving kaleidoscope.

From all of this the intelligent reader may gather that Saratoga is far from aslesp in winter. At this writing the streets are banked with snow four and nve feet deep-a pure virgin white covering of fleece beautiful to look upon, totally unlike the dirty mess that passes for snow in New York. Every afternoon the roadways are alive with gay turnouts and the place breathes an atmosphere of healthful life and vigorous enjoyment which even the gloom of the monstrous deserted hotels cannot

A reminder of Black Friday was brought vividly to mind a few days ago, when Mr. A. S. Hatch, at the head of the New York banking house of Fisk & Hatch, and his wife, quit claimed all their interest in the Fisk estate on Kay street, Newport, to Colonel Howard Smith.

It was the father of Colonel Smith, the late Alfred Smith, Newport's real estate king, who, almost alone, enabled Fisk & Hatch to resume business and when the house went under Mr. Smith had up ward of \$600,000 on call deposit with the firm. Mr. Hatch had a warm friend in Mr. Smith, and

had he been able he would have reimbursed the Smith estate for the large sum he owed. Mr. Fisk never cared for Newport society after his failure, and he has never seen his way clear to
